

MANAGED PRINT SERVICE

Epson Print365

Managed Services

All you can print packages

If you have large print requirements, our All-You-Can-Print service gives you flexible and efficient printing for different terms to suit your needs. It gives you a virtually unlimited** printing facility without having to worry about incurring extra costs.

Simply pay a single, fixed quarterly fee, and all practical limits are lifted. The packages also include unlimited scanning, copying, ink and full on site service and support.

All you can print

Simple, clear printing costs with you in control.

Protect the planet's future

When you make the switch from laser printing to inkjet, you are not only choosing lower energy consumption, lower waste and reduced cost of ownership; you are also choosing a faster, high quality and high performance printer with multiple bottom-line benefits for your business.

eacs is delighted to be working with Epson to deliver flexible and affordable print managed solutions for businesses.

Putting the control of printing cost firmly with you – our solution delivers not only cost savings but environmental savings to:

- 94% less waste than lasers*
- 96 % less power than lasers*
- BUT gets you printing 3.5x faster*

What's not to love?

Choosing the right package

For low, simple fixed fees, Print365 gives you full control and visibility for your printing, however big or small.

Breakthrough PrecisionCore technology

With the flexibility to deliver high-speed solutions for commercial, industrial and office printing, PrecisionCore continues and extends Epson's tradition of providing renowned colour quality and output durability across the widest range of applications.

Putting inkjet to the test

Independent tests by Buyers Laboratory Inc., the world leading test centre for the printing and copying industry proved conclusively that Epson Inkjet technology offers superior performance compared to laser.

Designed with security in mind

Protected data and secure networks come as standard with Epson's MFPs, using features that can help with your General Data Protection Regulation (GDPR) and Corporate Social Responsibility (CSR). This full security solution can give you the assurance that your business meets the latest security requirements.

Business imaging solutions

Epson's devices are compatible with software services and solutions that can really help to improve your organisation's workflow, control costs, boost efficiency, and enable the seamless integration of devices into ever-changing environment.

Helping customers manage their printing costs

ONE TEAM MAKING IT WORK

Individually tailored fixed-cost printing packages

Print365 offers a range of packages designed to suit a variety of businesses. Select the one that is right for you, or ask eacs about a free-of-charge assessment that will automatically track your print volume and select the optimum package for your business.

All packages are presented with a monthly fee, but to provide your business greater flexibility will be invoiced on a quarterly basis.

* As tested by BLI, over two months to Feb 2017, against a selection of competing machines, as commissioned by Epson. For more information visit www.epson.co.uk/inkjetsaving.

**To prevent abuse, a Fair Use policy applies. This allows a maximum of 300,000 A3 colour device prints, 240,000 A4 colour devices and 150,000 prints for mono devices over the contract period.

eacs is the expert in the delivery of IT services to the mid market. It is an award winning and trusted provider of IT solutions and managed services to a wide range of UK organisations of all sizes.
