

Tech Services 3: High Quality IT Services for the Public Sector

Purchase technology services ranging from strategy and design to operational deployment from quality tested suppliers you can trust.

eacs has been named a Crown Commercial Service (CCS) Supplier for Technology Services 3 (TS3), allowing us to provide a range of IT solutions designed to suit your needs. So what is the TS3 framework and how can you benefit from it?

Background

The Technology Services 3 framework agreement provides access to technology strategy and service design as well as services to provide support with moving to the operational running of an IT estate. It also provides support for large projects, up to top secret classification and a range of other technology services. This framework will run for 4 years from June 2021 and has an OJEU value of £2 billion.

eacs is listed as a supplier on Lot 3a: Operational Services – End User Services and Lot 3b: Operational Services - Technical Management.

Benefits

- ✓ Offers great value to the public sector
- ✓ A quick, easy and transparent route to market
- ✓ Reduced costs and reduced total cost of ownership compared to running your own service in-house
- ✓ Caters to all of your service needs, from large contracts to single vendor outsourcing
- ✓ Access to a wide array of the latest technology and innovative IT solutions
- ✓ 253 quality tested suppliers of which 64% are SME's
